Virtual Dementia Tour

You've heard about it. Now you can experience it yourself! Medical Radiation Technologists in Saskatchewan have heard about the Virtual Dementia tour (VDT). It is the experience that simulates the symptoms of age-related Alzheimer's and dementia and helps caregivers better identify and cope with their patients' behaviors and needs. At the SAMRT Provincial Conference in North Battleford on April 27 & 28, conference attendees can experience the tour for themselves.

Interested conference attendees will need to reserve a tour experience. Tour experiences will run throughout the day, April 27 & 28. To reserve a tour experience, please contact the SAMRT Office at samrtofc@sasktel.net or (306) 525 9678.

A block of hotel rooms will be reserved at the Tropical Inn under the SAMRT until March 26. Please book your hotel room well in advance, as there are a shortage of rooms that weekend.

REGISTRATION FEES

Students **MUST REGISTER** but may attend the conference lectures **AT NO CHARGE**
(Meals are not provided)
